

Building Better Partnerships

We Make it Our Business to Help You Grow Yours

We Know Electrical Distribution

With over 100 years of expertise in the electrical distribution industry, GE is proud of the relationships we've built with our panel builder and systems integrator partners.

We put the resources you need at your fingertips to help you:

- Prepare for audits and standards certifications
- Conduct inspection tests with end customers
- Respond to functional and technical elements of RFQs
- Stay up-to-date on the latest technologies and products

Global Responsiveness

Our panel builders and system integrators often can't wait - whether it be for products, responses or order information. We will help you get down to business, now!

- Product availability: 12,000 SKU's stocked to meet your delivery expectations
- Customer service: Approximately 3,000 authorized GE distribution locations to serve you worldwide
- Literature: Catalogs, spec sheets, drawings, and brochures available online 24/7
- Software: Collaboration with PowerDesign, ePlan, ETIM, BIM, and TraceParts
